

## **VanDyne SuperTurbo Inc., Named A Top Innovator Winner**

### **Award Recognizes Cutting Edge Private Companies Driving the Future of Innovation**

Fort Collins, Colo., December 11th, 2009 — VanDyne SuperTurbo Inc., is pleased to announce that it has been selected as a winner of the annual New England Venture Summit Top Innovator award by youngStartup Ventures. The list of privately held companies recognizes those that play a leading role in innovation for the Technology, Life Sciences and Clean-tech sectors.

The New England Venture Summit is a forum established for the most exciting early stage and emerging growth companies to meet potential investors and to share their insights on the future of innovation and the entrepreneurial journey.

As one of the winners, Kevin Stover, Co-Founder and Vice President Sales and Marketing at VanDyne SuperTurbo, presented at the exclusive 2009 **New England Venture Summit** on December 8<sup>th</sup> at the Hilton in Boston Dedham, where a select group of 450 entrepreneurs, investors, and corporate developers gathered to be the first to meet the next wave of leading edge companies.

“To be chosen by this group of investors as a top innovator is a real honor. The global interest in improving fuel efficiency in automobiles is creating an exciting opportunity for VanDyne SuperTurbo Incorporated and our shareholders,” said Ed VanDyne, Founder and President of the new Company.

### **Honoring the Best**

VanDyne SuperTurbo, Inc. is an independent company specializing in the design, development and production of SuperTurbochargers for the global automotive market and for heavy duty engine manufacturers.
